 personal photo	Name: <input type="text"/> Gender: <input type="radio"/> Male <input type="radio"/> Female <input type="radio"/> Other
	County: <input type="text" value="Taipei"/> <input type="button" value="v"/> Birthday: <input type="text" value="年 / 月 / 日"/> <input type="button" value="📅"/>
	E-mail: <input type="text"/>
Hobby	<input type="checkbox"/> Swimming <input type="checkbox"/> Volleyball <input type="checkbox"/> Movie <input type="checkbox"/> Game <input type="checkbox"/> sleep
Skill	<input type="checkbox"/> Java <input type="checkbox"/> HTML <input type="checkbox"/> Python <input type="checkbox"/> Microsoft Office <input type="checkbox"/> Premiere
Say Something	<input type="text" value="Say something here."/>
<input type="button" value="提交"/> <input type="button" value="重設"/>	

# Requirement #1

- Creating a cell crossing three columns in the first row , and **put the name of this table inside**

About -- 110356037		
--------------------	--	--

## Requirement #2

 personal photo	Name: <input type="text"/>	
	Gender: <input type="radio"/> Male <input type="radio"/> Female <input type="radio"/> Other	
	County: <input type="text" value="Taipei"/>	Birthday: <input type="text" value="年 / 月 / 日"/>
E-mail: <input type="text"/>		

Create three columns and three rows, like the image.

- The first column **insert an image** as well as **image description named "personal photo"**, and make this cell height crossing three rows.
- (column 2, row1) insert "Name: ", followed by a **text**.  
Besides, insert "Gender: ", followed by **three radio** named "Male", "Female" and "Other"
- (column 2, row2) insert "County: ", followed by a **dragging-down list**, the list should contain four elements: **"Taipei", "Tainan", "Taichung" and "Taoyuan"**.
- (column 3, row2) insert "Birthday: ", followed by a **date** option that user can choose a date without typing.
- (column 2, row3) insert "E-mail: ", followed by a **mail** format input space.

## Requirement #3

Hobby	<input type="checkbox"/> Swimming <input type="checkbox"/> Volleyball <input type="checkbox"/> Movie <input type="checkbox"/> Game <input type="checkbox"/> sleep
Skill	<input type="checkbox"/> Java <input type="checkbox"/> HTML <input type="checkbox"/> Python <input type="checkbox"/> Microsoft Office <input type="checkbox"/> Premiere
Say Something	<div>Say something here.</div>

Create two columns and three rows, like the image.

- (column1, row1) put “Hobby” into this cell.
- (column2, row1) insert five **checkbox**, each checkbox followed by word “Swimming”, “Volleyball”, “Movie”, “Game” and “sleep”
- (column1, row2) put “Skill” into this cell.
- (column2, row2) insert five **checkbox**, each checkbox followed by word “Java”, “HTML”, “Python”, “Microsoft Office” and “Premiere”.
- (column1, row3) put “Say something” into this cell.
- (column2, row3) insert a **textarea**, and the **placeholder** should write “Say something here.”

# Today's Lab

1. Create a webpage to briefly introduce yourself (may retrieve from exercise 1)
2. Add a photo that best describes yourself
3. Tabulate the above info
  - table border
  - tr, td, th
  - rowspan & colspan
4. Make the page look better...
5. Upload to your GitHub and send the URL to Moodle
6. You may collaborate with ChatGPT to work on it

# Submission Rule

1. File names: **Lab1\_StudentID.html** (Example: Lab1\_113356007.html)
2. Deadline: **Nov. 8 (Sat), 23:59**
3. Submission method:
  - Submit through the GitHub repo created in Week 3.
  - In your repo, create a **folder named Lab1\_Personal\_Info**, place both files inside, and push to GitHub.
  - Submit the GitHub URL to your Lab1\_Personal\_Info folder on Moodle.
  - The assignment will strictly follow naming and submission rules. (Same as HW4)
